THANK YOU

Commonwealth Health Foundation Staff

Doris C. Thomas
Vice President

Kathy A. Smith
Director of Annual Giving

Carla Reagan
Director of Foundation Programs

Dear Friends of Commonwealth Health

Foundation, What a year 2014 turned out to be! This year we pay tribute to the thousands of individuals and families served by the Foundation throughout our communities. Thank you to all of our donors and supporters who have given financially, time and talents to the Foundation's initiatives.

More than \$23 million has been raised through donor's support either in cash and in-kind donations or the establishment of endowments since inception of the Foundation. These are your gifts. Your community. Because of you this is possible. Thank you!

Many changes have occurred over the past several years, and more changes will continue to come. We must be prepared for these changes, and we must be positioned to continue providing outstanding health services to the people in the communities we serve. We look to the future through the funding of Endowments for our facilities and services to continue the excellence we strive to achieve. This is where we begin our legacy for our children, grandchildren and our future.

Please take time to read about the Foundation's initiatives and the heartfelt thank you notes enclosed from those individuals your donations have supported.

Shannon Vitale

Chairman of the Board of Directors

HOSPITALITY HOUSE

WHAT YOU PASS ON

Community partnerships can sometimes be formed in the most unlikely of settings, and between partners whose humanitarian motivations can be very different. Such is the example of the community partnerships formed between the Hospitality House and the members of two local church communities.

Barbara, a member of Willow Creek Mennonite Church began her relationship with the Hospitality House almost three years ago. Barbara was going through a “difficult” time in her own life and needed healing that would come through serving the needs of others. She contacted the Hospitality House to see if we would welcome a hot meal for its guests, and before long she was coming every week - providing a hot meal to weary guests as they settled in for the night. She shared her experience in their church bulletin, and as a result now rotates with several families who provide a weekly meal. When asked why her church family has continued to help for so long Barbara said it was something they all felt led to do and that personally her service to others had brought a new purpose to her own life.

Similarly, Walnut Grove Baptist Church also helps the Hospitality House through their own food ministry. Once a month, church member Michele Mayes uses her lunch break to come to the house and prepare a meal or dessert for the guests staying there. She has been doing this for over a year. What started out as a personal experience for her and her family is now a way for her to give back to others who are in

similar situations as her own family experienced. Michelle’s passion to serve others is shown in her continued dedication.

We all have the power to help...the power to change. Giving isn’t about the receiver or the gift but the giver. A life of giving – not just money, but time and spirit – repays. The Hospitality House is a “home-away-from-home” for those who have loved ones at The Medical Center and Commonwealth Regional Specialty Hospital.

Please join us as we continue to grow the Hospitality House Endowment for future generations.

Michelle Mayes sits and talks to guests after she prepares a meal.

What you do here is priceless, and I hope that all who contribute in a large way financially realize that when they see the note and cards here.

Barbara delivers food to guests at the home.

My donation is not as much as I would like it to be, but right now it is just not possible for a larger amount. I am so appreciative. I can't begin to express how much your generosity has meant to me.

Thank you so very much for the use of your hospitality facilities. Without it, I would not have been able to stay in Bowling Green for at least part of the two weeks my husband has been in the hospital.

Your facilities are beautiful, comfortable, and well-maintained. The staff is so friendly and helpful, it was such a pleasure to just walk through the front door and to feel safe.

MEET NAOMI RICHARDSON

HOPE

Naomi Richardson, mother of two teenagers works 40 hours per week. She woke up one morning and the entire left side of her face was swollen. Taking care of a family as a single mother can be very challenging and she had very little saved for such an emergency like this one.

Her tooth chipped off which was very painful and caused trouble breathing as it continued to swell. Naomi is one of many in our community who works really hard and yet cannot afford the dental services she required.

Naomi is very thankful for The Dental Clinic and their services to help her get the care she needed. "Just because someone needs help, may be down on their job, or needs that extra push, we never know when something like this might happen to any one of us. Money isn't everything, but we have to have it," states Naomi. "A lot of folks may never have to go through this, but it humbles you when you do."

Life is full of surprises that many of us may not be fully prepared for when it does happen. The Dental Clinic provides discounted dental services to those who do not have private pay dental insurance. Basic care services such as extractions, fillings and annual cleanings are provided by appointment only. The Dental Clinic continues to operate from donations made by those in our community who continue to do the right thing to help so many in need.

A real life story of Naomi Richardson receiving dental care services from The Dental Clinic. This is one small way your donation helps others in our community. We are sincerely grateful for your support.

100%

of your gift supports
Commonwealth Health
Foundation initiatives.

ONLINE: *Please visit*

CommonwealthHealthFoundation.org

*to view Naomi's video and see firsthand the
impact your support has on the community*

Since Commonwealth Health Foundation's inception, generous donors have contributed more than \$23 million to support its initiatives in our community.

2014

2,800 Medical Encounters

2,020 Dental Patients

4,088 Prescriptions Filled

1,824 Volunteer Hours Donated

\$1.47 M Value of Free Services to the Community

Since December 1995, The Free Clinic has provided over 103,000 medical and dental visits to qualifying patients, with more than \$43 million in value of services provided to our community.

“We rise by lifting others.”

-Robert Ingersoll

HEALTH SCIENCES COMPLEX

GRADUATE NURSES JANUARY 2014

We just finished the initial two weeks of Graduate Nurse Residency program and we utilized simulations for Blood Administration, Chest Tubes, Trachea care and suctioning. We also ran scenarios with chest pain, and activating the Rapid Response and Code Blue Teams.

Simulation is establishing for new nurses their “need to know more” and a true engagement in the learning process. They are asking for more experiences in simulations and expressed their pleasure in this learning strategy. Simulation has made a huge difference in connecting the theory of disease and treatment they received during their nursing program to applying that knowledge in practice. Simulation helps guide Graduate Nurses to understand they are responsible for recognizing what is going on and to develop the ability to make strong patient care decisions. Reality sets in, but it happens in a safe environment instead of the patient’s bedside. The graduate nurses are much more serious about understanding what they need to know and are very appreciative of their learning experience.

On Friday, February 14 (first day graduate nurses were on the floor), there was a Rapid Response called. Courtney Calloway, Critical Care Manager, responded and found that a nurse already had the Code Cart, was putting on leads, adding the hands free defibrillator paddles, and putting oxygen on the patient. It was a stroke patient and they were taking him down for a CT. That was when Courtney noticed this nurse was a Registered Nurse Applicant. (RNA). She asked how long had she been working, and she responded, this is my first day as a nurse! Courtney was very impressed that she seemed to be familiar with the Code Cart and what to do.

On the same day, another graduate nurse had a Rapid Response called on her unit. She said she just knew what to do and did it. Her peers commented that she did a really good job and helped save the patient’s life. Her reply, “You can thank the simulation lab for that!”

In education, we follow the Patricia Benner Model that competence is measured as novice, advance beginner, competent, proficient and expert. We expect graduate nurses to start their jobs as a novice. In both of these situations, they functioned as “advance beginner.” “If just one person had responded with those skills, we would have thought she was an exceptional person. However, when two graduate nurses from the same class are able to function with confidence and choose the right interventions, on the same day, and with the same experiences in the lab, then that is the impact of the simulation lab!” said Vivian McClellan, Corporate Director of Education and Development.

The simulation lab offers high level training that is not available in most hospitals. The Simulation lab is possible because of donations from those who believe in the power of educational excellence in healthcare in our community.

“They are beginning to understand **they are responsible** for recognizing what is going on and to develop the ability **to make strong patient care decisions.**”

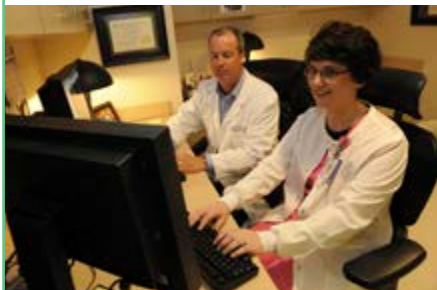

THE GIFT OF COMPASSION

When someone is diagnosed with Cancer it is not an easy journey. Our Cancer team is well equipped with the latest technology for treatment, but the compassion and care given by the staff cannot be measured.

"It is difficult to hear stories every day, when you wish you could fix it, but it is rewarding to know you are making a difference in the lives of others," states Eddie Scott, Director of Radiological Services. "Listening and letting our patients know they are not alone in this journey is very important to their outcome."

Many times insurance does not cover certain medications needed for treatment. Patients may not have the means to travel back and forth to their treatments. This is a reality that is seen every day.

You can help our Cancer Program continue to provide excellent medical care to the patients of our community by making a charitable donation, or by getting involved. When you make a donation, you are making an investment in programs that benefit you, your family and friends who are treated here.

This journey has been an incredible blessing for me and has taught me so much and has been incredibly humbling, too. Thank you for giving so willingly of yourselves to me and all your patience. We need your care, support, and encouragement and you deliver.

CANCER PROGRAM

“Everybody there was **very considerate and concerned** about our situation and feelings. I appreciate their **attentiveness, compassion, and respect** afforded to us and the other patients we met in the waiting room.”

Wow...thank you so much for your care and compassion over these past months. You guys are amazing! I've experienced your capable care and your tender touch, as well as your sense of humor. I've watched you adapt to so many unique situations as you treat your patients and their families. You seem to always know the right things to say and do. I know it's not just a job but a passion to serve.

IN SICKNESS AND IN HEALTH

None of us know how our story will be told or end. Sometimes it turns out to be something totally different from what we imagined. Emily and Zane Cunningham have been married for 52 years. Zane was diagnosed with Parkinson Disease and Emily could no longer take care of him. Without knowing who to turn to or ask, a friend mentioned that Cal Turner Rehab and Specialty Care Center had an opening available.

For more than a year and half, Zane has made his home at Cal Turner. He still recognizes Emily when she visits and she knows he is glad to see her. The outlook of Zane's life is uncertain, but Emily holds onto all the positives she has left. Zane listens to music, participates in activities at the Center and most of all receives the care he needs. Knowing that he is safe, well taken care of and treated with compassion, gives Emily hope that there will be better days ahead for both of them.

Cal Turner Rehab and Specialty Care provides assistance to young adults and adults with disabilities in an effort to improve the quality of their lives. Donations can be made through the Foundation which will help to create opportunities for people with disabilities to live more meaningful lives.

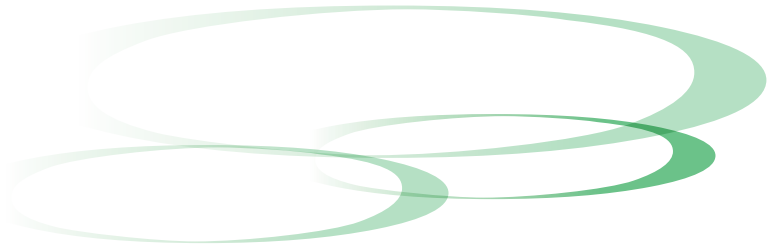

CAL TURNER

REHAB & SPECIALTY CARE

“ Knowing that **he is safe, well taken care of and treated with compassion** gives Emily hope that there will be better days ahead for both of them. ”

WARREN SOCIETY

The General Joseph Warren Society is a distinguished group of benefactors who support the advancement of healthcare with a minimum commitment of \$10,000 or more to the Foundation.

CAMPAIGN FOR EXCELLENCE

With your support the Foundation leads the way in raising necessary funds for future innovations in health care.

Your gift. Your community.

CONTRIBUTE

HOW YOU CAN HELP

OUTRIGHT GIFTS:

Make a difference with cash donations; tribute or memorial gift donations; matching gifts through place of employment; appreciated marketable securities; closely held stock; or appreciated real estate and other property.

DEFERRED GIFTS:

Remember the Foundation in your Will or through a life insurance policy, Charitable Remainder Trusts, Charitable Lead Trusts, Retirement Plans and/or Revocable Trusts.

RECOGNITION:

Honor, celebrate or memorialize a loved one with a donation to the Foundation in lieu of flowers or gifts for special occasions.

COMMUNITY EVENTS:

Give back to the community through a Charity Ball sponsorship or ticket purchase; reserve a light and/or sponsor the Make the Season Bright program; or volunteer your time on one of our committees or at one of our local community events.

GRATEFUL GIVING: A very easy way to say “thank you” to someone you have put your trust in to care for you or your loved one. The donation can be for a program or a need in a particular department. Say thank you to those who did more than what was expected.

ENDOWMENTS: By investing in an Endowment Fund, you create a legacy for the future. Endowments have been established for programs, education and scholarships.

ANNUAL GIVING: Through the commitment of an annual gift, the needs of the Foundation’s initiatives can be met. This guarantee of giving each year means so much to so many.

IN-KIND DONATIONS: An in-kind donation is another form of charitable giving, instead of giving money to buy needed goods and services, the goods and services are given.

January 2000–December 2014

Contributions Received to Date	23,296,225.01
Contributions Transferred to Date	23,296,225.01

Donor Designated Transferred Amounts

Endowment Contributions	10,711,367.01
Total Bequest and In-kind Donations	2,105,523.00
Commonwealth Health Free Clinic and The Dental Clinic	5,236,999.00
The Medical Center Community Wellness Department	128,279.00
Hospitality House	3,339,812.00
Health Sciences Complex	282,129.00

COMMUNITY PARTNERSHIPS are integral for Commonwealth Health Foundation to expand and grow. Generous donations of time, talent and money are extremely important to the Foundation's mission. Commonwealth Health Foundation is honored and grateful when a civic organization or business orchestrates a fundraising event that benefits our initiatives. You are welcomed to get involved!

Atmos Energy fires up their grill each year for the annual ECHO (Employees Contributing to Help Others) fall campaign kick-off event. For more than five years, Atmos has committed themselves to support our employee initiative.

Chico's hosted a "Special Event" Night with 10% of sales benefiting the Hospitality House. Many new faces were seen and this statement to the community shows commitment to serve others.

Dillard's hosted a "Special after Hours" event to raise money for the Commonwealth Health Free Clinic and The Dental Clinic. They also participated as a Sponsor for the Foundations' annual event, the Charity Ball. It is an honor to work with these partners who are committed to excellence in our community.

Talbots hosted a "Special Event" Night with 10% of sales benefiting the Hospitality House. This was an excellent night showing off new fashions, shoes and promoting a new partnership for years to come.

Kohl's Cares has donated to date \$195,890 to The Medical Center and Commonwealth Health Foundation to support health and wellness programs in our community. This money has been approved through Kohl's grant program. Through this initiative, Kohl's sells \$5 books and plush toys at their store, where 100% of net profit benefits children's health and education programs nationwide, including hospital partnerships like this one.

LEGACY

SCHOLARSHIPS

By creating a scholarship fund through Commonwealth Health Foundation (CHC) you create a legacy for future generations.

The James W. Brite (d.) and Mary Carolyn Wolfe Brite Nursing Scholarship

This scholarship was created by James W. Brite (d.) and Carolyn Wolfe Brite to support those pursuing their nursing degree. Mrs. Brite served as a nurse for many years and knows first-hand the important role it plays in healthcare. Her dedication and passion for making sure there is help for those needing financial support is overwhelming. This scholarship will help fulfill the need for nurses for future generations. It is available to Commonwealth Health Corporation employees who have been accepted into a Western Kentucky University nursing program.

The Carrel K. Sumner (d.) Family Memorial Scholarship

In memory of Carrel K. Sumner and in recognition of his lifelong dedication to healthcare and education, his family has established the Carrel K. Sumner Family Memorial Scholarship. Mr. Sumner devoted more than 38 years of his life to healthcare in South-central Kentucky through his service at Commonwealth Health Corporation. His legacy will continue to change lives, and improve the health of our community for many generations to come.

The scholarship supports a full-time CHC employee/spouse or child of a CHC employee attending Western Kentucky University, Bowling Green Technical College or Draughtons Junior College who demonstrates financial need. Area of study and its appropriateness to healthcare will be considered. The scholarship will be awarded annually to one student or divided between two students.

Mr. Sumner's legacy will continue to change lives and improve the health of our community for many generations to come.

CHARITY BALL

OF THE DECADE

THE CHARITY BALL TURNS 10 AND LOOKS BETTER THAN EVER!

The Charity Ball of the Decade, one of the most premier events of Bowling Green, turned 10 and celebrated in style with a lavish party at Sloan Convention Center. This black tie affair continues to grow each year. With more than 580 guests at the ball, everyone enjoyed the company of friends, family and peers.

**THANK
YOU!**

MAKE THE SEASON BRIGHT

One of our annual community events is **Make the Season Bright**. This program is held at Medical Centers Bowling Green, Scottsville and Franklin, and includes a candle light ceremony along with a tree lighting. Photos with Santa make the night a success!

Symbolic lights can be purchased in memory, honor or celebration of a loved one.

In 2014, \$34,890 was raised from the program. Thank you to all of our donors and guests who attended the events. We are grateful for your support and what it means to our community!

100%

of your gift supports Commonwealth Health Foundation initiatives.
