SERVICES BY COST

*Generalizations based on avg cost per service. Many factors determine the actual cost, such as how many views or tests were run, etc.

For more information on how you can help, please visit our website at mchealth.foundation.

Dear friends

It is safe to say 2020 was quite the year. We experienced the immeasurable loss of loved ones and community members. Holidays and gatherings with friends and family, traveling, and social events all became out of reach. Our front-line workers became heroes overnight.

But even in the midst of a global pandemic, we saw the best of humanity – generosity, compassion, and care. The Southcentral Kentucky area stepped up when it was needed most.

Because you care, the life-changing and life-saving care continued throughout a year filled with unknown and unprecedented circumstances.

Med Center Health Foundation was honored to work with community members, organizations, and businesses to provide support to our region. Because you care, the life-changing and life-saving care provided at The Community Clinic, The Dental Clinic, Hospitality House and The Medical Center Cancer Treatment Center continued throughout a year filled with unknown and unprecedented circumstances.

This Annual Report is a way for us to say thank you for all you did in 2020 to help us achieve our mission of building relationships that inspire giving in support of Med Center Health's mission to care for people and improve the quality of life in the communities we serve.

Thank you for your generosity. Thank you for your compassion. Thank you for caring. You, dear friends, are a reminder of the good in the world, and we are grateful for all you do to support Med Center Health Foundation.

Amy C. Hardin
Executive Director
Med Center Health Foundation

Kathy A. Smith

Med Center Health Foundation

Malchow

ORTHODONTIC ENDOWMENT FUND

The Malchow Orthodontic Endowment Fund was made possible through a \$1 million donation by retired Bowling Green orthodontist **Glenn Malchow, D.M.D.** Through this fund, quality orthodontic care will be available for children of families with financial need residing in Warren and surrounding counties. Services will be provided by licensed orthodontists who maintain their principal office in support of the 10-county Barren River Area Development District area. This is the largest one-time gift in the history of the Foundation.

Dr. Malchow is a well-known orthodontist from Franklin, Ky., who practiced in Bowling Green for many years. "I have seen the need in our community first-hand," Dr. Malchow said. "Giving children a good start for their dental care is incredibly important for their overall health. Bowling Green has been good to me, and I want to give back by helping the children who need help the most."

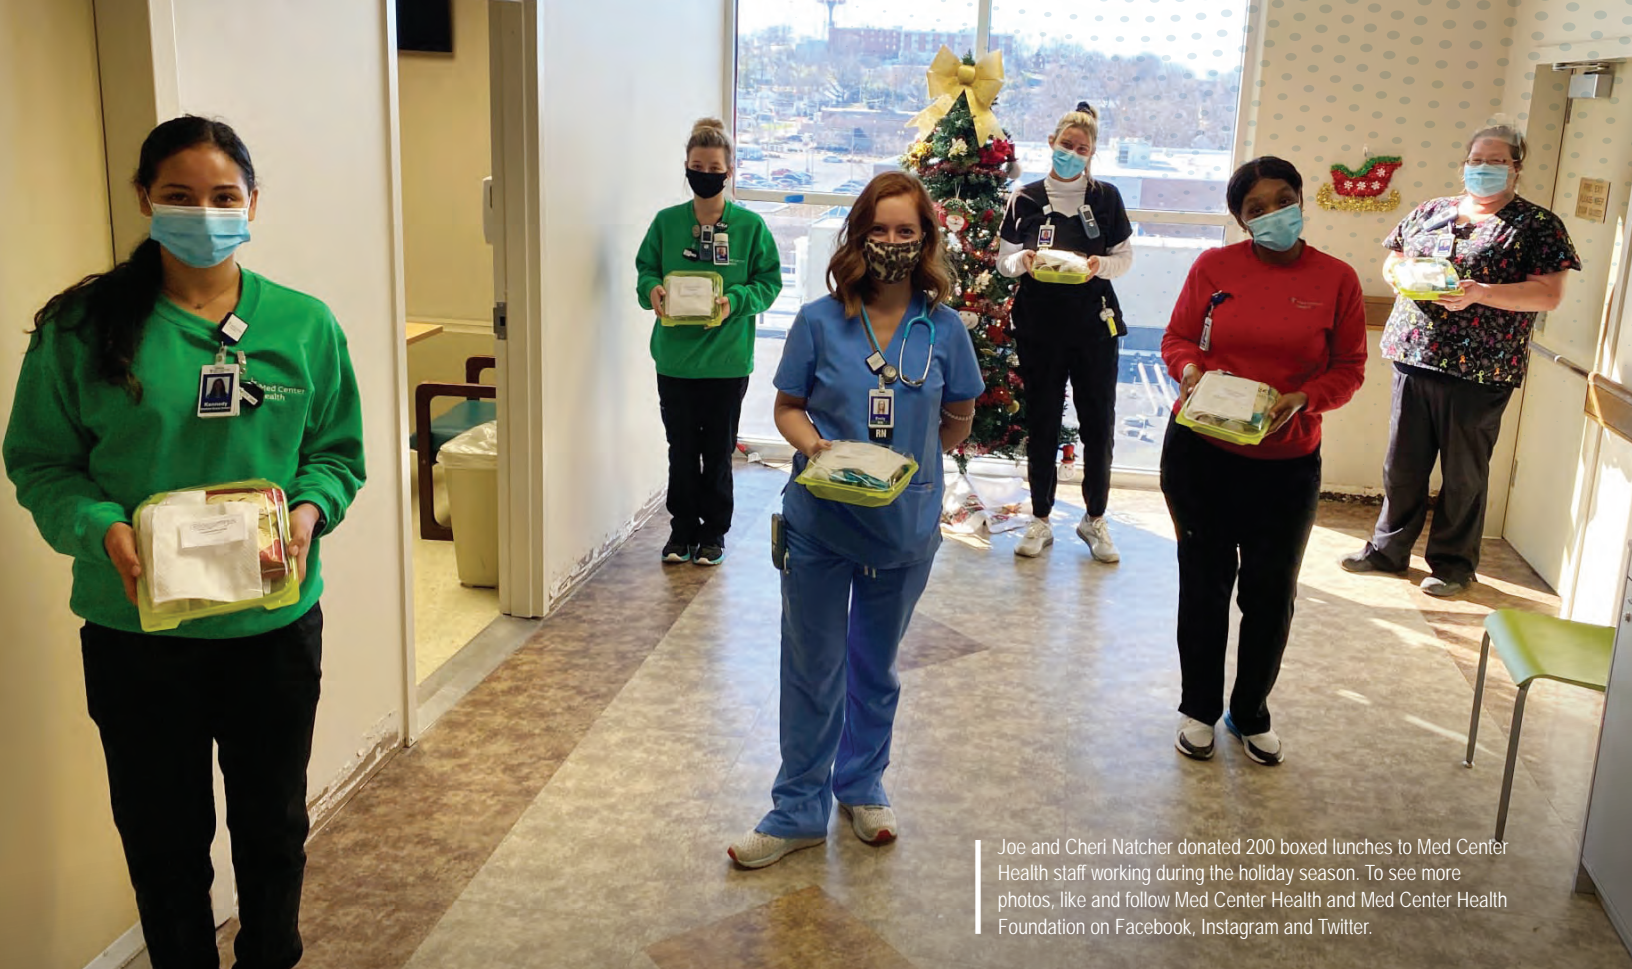

The Dental Clinic will coordinate with local orthodontists to provide the care children need. "Putting braces on a child's teeth is a costly investment for any family," said Josh Phillips, D.M.D., with The Dental Clinic, "but for families who suffer with financial hardship, orthodontics can be out of reach. While we target basic oral care for children at The Dental Clinic, we are excited for the opportunity to connect kids who have orthodontic need with that care through the resources available with this generous endowment."

The funding provided by the established endowment will be used for an entire treatment plan of orthodontic care, including braces, for eligible children. You can help brighten the smile of a child by donating to The Dental Clinic.*

*Although the endowment has been established, information on how to participate will be forthcoming. Visit mchealth.foundation to learn more.

Dr. Glenn Malchow chats with The Dental Clinic Dentist Dr. Josh Phillips.

Joe and Cheri Natcher donated 200 boxed lunches to Med Center Health staff working during the holiday season. To see more photos, like and follow Med Center Health and Med Center Health Foundation on Facebook, Instagram and Twitter.

Community COMPASSION

2020 presented challenges not seen for generations. As COVID-19 struck our community, hospital staff put in long, exhausting hours to ensure care never ceased. The Hospitality House remained open all but 16 days to be a place of respite for families needing a place to stay while their loved ones received care at The Medical Center at Bowling Green or Commonwealth Regional Specialty Hospital. The Medical Center Cancer Treatment Center continued to provide treatment in the midst of a global pandemic. Doctors, nurses, clinical support, food services, The Community Clinic and The Dental Clinic staff, maintenance and environmental services staff gave their all for our community – and the community gave back!

Med Center Health Foundation was a link with community leaders and played a part in delivering food and gift baskets and cards of encouragement to our staff. This generosity from our community helped all employees keep going. Your compassion continues to be a true testament to our partnership with the Southcentral Kentucky region.

Food donated by SKYCTC Alumni Association.

U.S. Bank represented by Darren Woodruff donates lunch to Radiology.

JOE AND CHERI NATCHER

Med Center Health Foundation works to change lives every day – and we can only do so with the support of dedicated, compassionate people in our community such as Joe and Cheri Natcher. Whether it's their generous donations, volunteering to help with the Vaccine Clinic or providing food for medical staff during the pandemic, the

Natchers have risen time and again as role models of philanthropy. We are deeply grateful for their support.

Recognizing the need to train and keep highly skilled physicians in Southcentral Kentucky, the Natchers pledged \$250,000 to establish The Joe and Cheri Natcher Medical Education Endowment Fund. This fund, together with the Medical School Loan Forgiveness Fund, will encourage physicians who graduate from the University of Kentucky College of Medicine – Bowling Green Campus to stay in the area. Loan forgiveness through these funds will be available starting with the first graduating class in 2022.

Cheri Natcher volunteers at the Vaccine Clinic

STATE FARM

Many State Farm Agents in the community helped The Dental Clinic win the \$25,000 State Farm Grant this year. We want to say thank you to each and every person that contributed votes, time, and effort to making this all possible! Many in the community will be able to receive care thanks to you.

CROSSLAND COMMUNITY CHURCH

“NO ONE GROUP, NO ONE CHURCH, AND NO ONE PERSON CAN DO EVERYTHING. BUT WE ALSO REALIZE THAT EVERY PERSON CAN DO SOMETHING.”

Gregg Farrell, Senior Pastor

Crossland Community Church donated over 100 gift baskets. Every department of The Medical Center at Bowling Green received a basket with snacks and letters of encouragement from kids in the church.

The "Sweet 16" Charity Ball was an outstanding success. Due to social distancing requirements, the Charity Ball was virtual for the first time ever – even so, our community came through and raised more than \$250,000. A special thank you to all of our sponsors, donors and auction purchasers. We could not have done this without you! 100% of all sponsorships and funds raised benefitted direct patient care at The Community Clinic and The Dental Clinic.

Because we care

Dylan Carter and Stephen Stucy,
Auctioneer – Coldwell Banker Legacy Group

We are grateful for everyone who participated in this year's event. Stephen Stucy, the host of the virtual event, and Sublime Media Group were excited to make sure the Foundation's annual fundraiser was a success to help so many in our community. There were several first times for 2020, and some will continue as we look forward to an awesome 2021 event with an incredible on-line auction. Make sure you take time to visit BGCharityBall.org to view an amazing video as some of our key leaders in Bowling Green talk about the impact the Clinics continue to make in lives.

Rebecca D. Shadowen, M.D.

was a healthcare hero and inspiration to so many, spearheading the fight against the pandemic in Southcentral Kentucky. In May 2020, after serving as our region's leading expert on the disease, Dr. Shadowen was diagnosed with COVID-19. Four months later, our community suffered a devastating loss with her passing. Dr. Shadowen's contributions are immeasurable and will have lasting impact for years to come.

The Dr. Rebecca D. Shadowen

RESEARCH AND EDUCATION FUND

The Dr. Rebecca D. Shadowen Research and Education Fund was established to carry out Dr. Shadowen's legacy of medical excellence. Med Center Health committed to matching donations dollar-for-dollar up to \$50,000, a goal that was reached in December 2020. Please consider a donation as we continue Dr. Shadowen's legacy now and for future generations. Visit mchealth.foundation to learn more.

Generosity

THE POWER OF MED CENTER HEALTH EMPLOYEES

ECHO (Employees Contributing to Help Others) is made up of Med Center Health employees who believe in helping others in our community financially as well as through their work. To date, \$2.4 million has been donated by MCH employees—an outstanding commitment to our community. A distinguished group in ECHO is the Hour Club. Each pay period, these individuals donate the equivalent of one hour of pay. We are honored to list their names.

A BIG THANK YOU TO EDDIE SCOTT

Chairman of the Employees Contributing to Help Others (ECHO) Committee from 2009 – 2020

These pictures show how much fun and excitement Eddie brought to our events as a gorilla, chicken and superhero! He has always led the way for others as we continue to support The Community Clinic, The Dental Clinic, Hospitality House and The Medical Center Cancer Treatment Center. Eddie still plans to be on the committee, but refuses to dress as a gorilla ever again!

THE MEDICAL CENTER CANCER TREATMENT CENTER

Donations help patients with transportation and medication costs. Many times insurance does not cover certain medications, and patients may not have the means to travel back and forth to their treatments. Gifts also help patients receive lung screenings when they cannot afford these on their own. To date, more than 450 patients have been supported through generous donations to this cause.

THE COMMUNITY CLINIC AND THE DENTAL CLINIC

These clinics make low cost medical and dental services possible for the uninsured in Southcentral Kentucky. The Foundation's annual fundraiser, The Charity Ball, benefits The Community Clinic and The Dental Clinic. In 2020, 2,300 patients were seen at the Clinics. 3,100 prescriptions were filled. 746 specialty referrals were coordinated. 207 individual lab visits were completed.

HOSPITALITY HOUSE

The Hospitality House is a “home-away-from-home” for many families of patients who are receiving care at The Medical Center at Bowling Green and Commonwealth Regional Specialty Hospital. In 2020, 553 families were lodged at the house for more than 1,800 nights of stay. To date, guests from 49 of 50 states have stayed at the house.

GUARDIAN ANGEL CHILDREN'S SERVICES

Guardian Angel Children's Services is a program that benefits children under the age of 18 who live in Southcentral Kentucky and have specific medical or dental needs. For information on requirements, please visit mchealth.foundation.
