

COVERING MED CENTER HEALTH'S EPIC IMPLEMENTATION

EPIC ORIENTATION WEEK: A Fast Start

We kicked off our implementation with Epic Orientation Week, held January 6-8 at the Corvette Museum. We unveiled our 'Driving Excellence' theme and Epic team members demonstrated how the new system will improve patient care, streamline workflows, and enhance patient experience. Thanks to the 476 MCH and Epic attendees, whose energy and engagement shows our collective commitment to this project.

Councils Are Underway

We launched Epic Councils, which will guide Epic configuration and help prepare everyone for the transition. These councils bring clinical leaders, operational leaders, and the Epic team together to ensure our system supports each area's unique needs. In the coming months, we will also kick off Workgroups, which will dive deeper into the details for our service lines.

Epic Council Chairs

Retail Pharmacy Beth Rhea	Outpatient Advisory Traci Duff	Lab Stacie Bledsoe	Digital Engagement JAT Mountjoy	Perioperative Kiara Thompson	Patient Flow Patrick Maloney
Physicians Dr. Matt Stone	Integrated Revenue Cycle Sterling Borders	Inpatient Pharmacy Caleb Benningfield	Intake & Scheduling Staffanne Cassidy	Emergency Emily McGuffey	Financial Clearance Farrah Carpenter

OB/Gyn Kim Dethridge	Rehab Therapy Jase Pinerola	Cancer Center Lacey Phelps	Long Term Care Amanda Howard	Home Care & Hospice Kasey Matthews	

Celebrating MCH Epic Team Certifications

We're proud to announce that our Epic IT team attained 94 Epic certifications — reflecting months of dedication and hard work. When you see these team members, please join us in congratulating them on their significant accomplishment. These certifications set us up for success when creating Med Center Health's Epic system.

COMING UP:

HARDWARE ASSESSMENTS IN PROGRESS

Please do not move any computer equipment or hardware. Our IT team is conducting comprehensive assessments in each facility to ensure every workstation, device, and piece of equipment is ready for Epic. Please contact the IT Service Desk if you have questions about equipment in your workspace.

MANAGERS VALIDATE EPIC SECURITY AND TRAINING ASSIGNMENTS

On March 3 from 10:30-11:30, managers will attend a virtual meeting kicking off our Epic security and training assignment review for their team members. These assignments are based on your role and will determine the training courses you'll complete and the access you'll have in the Epic system.

TIMELINE:

2/2 - 5/22	5/25 - 10/2	10/5 - 12/4	12/5
Workflow Walkthrough & Configuration	User & System Readiness/Testing	Training	GO LIVE
